What class is this for?

Are you ready to strut your stuff?

Make it awesome!

Have you been paying attention in class?

- Did you practice HTML?
- What about CSS?
- Canoe avoid deprecated elements?
- Will it validate?

Your goal, regardless of whether you choose to accept it:
Replicate this page to the best of your ability

This is something that you may need to look up how to do.				This is another column
